- Bachelor of Commerce (Accountancy) University of Wollongong 1992

Background

I have served as a BIC Director for 3 years and as Treasurer for 2 years and am seeking another term as Director and will again nominate as BIC Treasurer. I have an intimate knowledge of the club as a contributing swimming member and have extensive Corporate management experience that is well suited to meet the current COVID challenges requiring financial stewardship.

I am a Waverley rate payer who has lived in the Bondi area for a number of years. My 2 children learnt to swim at the Bondi Icebergs pool and were Bondi Icecubes.

My professional background is as a commercial Finance leader and customer advocate skilled at strategy development, financial analysis and business growth. I have enjoyed success in CFO roles and as a leader of commercial teams within the Healthcare industry. Over 10 years' experience representing businesses at an executive level (Boards, Audit Committees, Customers, Investors, Partners), building collaborative relationships to persuade, influence and negotiate transformation and deliver strategic outcomes.
