

NOEL O'DWYER

Position Sought: Director

I have been a member since 2000. From 2013-2019 I was Vice President of the Bondi Icebergs Club and a Board member for 11 years. As an experienced local builder, I was on the Building Committee since 2002 and was regularly involved in overseeing renovations and improvements to the club. Some of these include upgrades to the Unsinkable Bar, the Sundeck Bar and the toilets. A new Portico was completed in 2018 where I took part in the planning and development. For the last 10 years, you can find me down on the deck each Sunday, where I have the main role of Check Starter, and Starter when required. After being involved with the Icecubes since 2002, I took over the Presidency for 2 years from 2017 until 2019. Every Sunday I organise the food and drinks for the cubes, which includes a sausage on a roll and a juice. The swimming members are able to enjoy a delicious hot pie upstairs after their races which I organise for them. Last year I happily took on the role of "Summer Santa" at the annual Icecubes Christmas Party [the regular Santa was unavailable]

As a member of the Icebergs, I have made many valuable friendships and I am very proud to be a member of such a famous institution. I feel that I still have a few good years left in me to serve as a Director of this great club.

Many thanks for your kind support.

Noel
