Entrusted with significant professional responsibility and people's lives.

## Vision & Board Experience

In my 3 years as a Bergs Director we have seen essential building club improvements, our first hosting of the Winter Swimming Championships, 90th Birthday celebrations, significant savings from Warpo payment reduction & *most importantly* the retention of the pool management to 2042.

As a key part of the greater board of Directors, I was responsible for our 2020-2024 Strategic Plan & vision, review of our strategic partnerships including the gym and sponsorships.

*With the current unpredictable environment, we need to enable our club vision with improvement in the overall experience at the Bondi Icebergs. Continuity is important.*

If elected my intentions are as follows but not limited to:

- **A financially robust Club with Vision, Purpose & Connections**
- **Increased social responsibility contribution programs for our community**
